|------------------|------------|------------------|---------------|
| Patient Name : | John Smith | Physician : | Joe Physician |
| Patient DOB: | 02/08/2000 | Sample Type : | Urine |
| Collected Date : | 01/19/2017 | Received in Lab: | 01/19/2017 |

Summary Report

Consistent Results-Reported Medication Detected

| Prescription/ Analyte | Result | Conc. (ng/mL) | Detection Window | Cutoff (ng/mL) | Comments |
|-----------------------|--------|---------------|------------------|----------------|----------------------------|
| Opiates | | | | | |
| Codeine | POS | 100 | 2-3 d DW | 100 | Rx: Tylenol III. |
| Morphine | POS | 125 | 2-4 d DW | 100 | Rx: MS Contin, Kadian. PT: |

Inconsistent Results-Expected Positives for Reported Medication

| Prescription/ Analyte | Result | Conc. (ng/mL) | Detection Window | Cutoff (ng/mL) | Comments |
|-----------------------|--------|---------------|------------------|----------------|----------|
| | | | | | |

Inconsistent Results-Expected Negatives for Drugs that Test Positive

| Prescription/ Analyte | Result | Conc. (ng/mL) | Detection Window | Cutoff (ng/mL) | Comments |
|-----------------------|--------|---------------|------------------|----------------|--------------|
| Amphetamines | | | | | |
| Amphetamine | POS | 300 | 3-5 d DW | 100 | Rx: Adderall |
